Only when the tide goes out do you discover who's been swimming naked" Warren Buffett

You deserve to be unbeatable... Fortune 500's are being overthrown by garage dwelling start-ups; teenagers are starting their own business from homes; and small medium businesses are struggling for profitability as they are caught in limbo between the big players and the new incumbents. Every market is saturated with a massive rise in competition and companies in the 21st century are working harder than ever to receive dwindling profits and stagnate growth. Let me ask you this question: Do you believe your effort has been much greater than the results you have been getting? It shouldn't be this way and this book will turn that around. Uncover the hidden business secrets no one knows yet... Having invested in, consulted and advised high tech, low tech, fortune 500s, start-ups and small medium businesses I can tell you a fundamental truth that is undeniable. The truth is this; no company or entrepreneur is safe in this fast changing and competitive environment. This book will not be politically correct, nor will it follow the mainstream advice. Over 90% of businesses fail and the last thing you need to do is to follow the advice of the average. In a world that will see drastic changes, businesses must focus on what is truly important and understand what it is required to win. It is your fiduciary responsibility to take control of your business now and on your terms. When the market goes up, learn how to maximize the opportunity. When the market goes down learn how to defend and prosper. It is not enough to survive when the chips are down, this book will teach you how to grow even in the worst of times.
